## Creative Spinning Techniques

With Melissa Yoder Ricks of Wild Hare Fiber Studio

April 28 – 29, 2012

Where: Freehaven Farm Ltd. 349 Woodside Rd Simpsonville, SC 29680

When: Saturday, April 28 9:30 am- 5 pm - Sunday, April 29 9:30 am – 2 pm

### Creative Spinning Techniques Workshop

*This workshop is for spinners seeking to learn techniques for creating yarns that are functional as well as creative!*

Whether your goal is to make wild and whimsical 'art' yarns, or to spin structurally sound and beautiful yarns of more traditional types, this skill-building workshop will help you take control of your spinning to create the yarns you desire.

Some of the topics explored include:

- different fiber preparations and ways to spin them
- techniques for spinning slick fibers, very fine or bulky yarns and thick and thin singles
- special plying techniques including 'Navaho' or chain plying, spiral ply, and creating coils and looped boucle yarns
- corespinning, tailspinning and other 'art yarn' techniques
- creating texture and interest with add-ins such as beads, feathers and fabric
- ideas for using your most creative yarns in projects you will love to use and wear

*Note: Spinners should be able to spin a continuous yarn and ply. Please bring your wheel, lazy kate, 3+ bobbins, niddy niddy, and note pad/ index cards.*

Class size is limited . Please call or email to check available space. Registration with payment in full must be received by April 16, 2012 to assure your space.
